Monica's weird day

Monica is an accountant. She works at the Central Bank of Sydney. Today is a weird day for Monica, it seems like her regular daily routine has changed dramatically.

She usually walks to work but today she is driving because she overslept. Most of the times she wears a red blouse and a black skirt for work, but today she is wearing jeans and t-shirt because the washing machine got damaged yesterday.

Although her husband takes the kids to school every day, today Monica is taking them to school because her husband went to a party last night and got home really late. She regularly listens to classical music on her way to work, but today she and her children are listening to reggaeton; they say that classical music is not as interesting and cool as reggaeton.

Some people may think Monica is not enjoying her day; on the contrary, she loves doing new things so she is happy about this weird day.
